

Children's Physiotherapy Drop-in Clinic

Physiotherapists support children and young people who have difficulty with movement that impact on physical development, activity in play, learning and socialising.

Are you worried about your child having:

- On-going aches and pains and injuries
- Walking difficulties
- Balance problems
- Not achieving their milestones e.g. rolling over, sitting up, not walking yet.

Our drop-in clinic is the LAST Thursday of every month. Please come along to see a physiotherapist to discuss your concerns.

Physiotherapy Department, St John's Hospital, Livingston.
